"Cactus Jack" is a survivor of divorce, who then made it his mission to change lives through story and song. After his life crisis in 2010, Paul "Cactus Jack" La Marr sold everything he owned in Australia and moved to the United

States to become a composer. He had no musical training or industry contacts, but he chose Utah as his home base. He recorded and released his first CD that went to #1 in three weeks. He has since composed, produced and starred in a major musical based on his life called "A Time of Forgiving".
